LINGARAJ BELAGALI

QA ENGINEER | MANUAL TESTING | AUTOMATION TESTING | API TESTING

Bengaluru, India | lingarajmb1997@gmail.com | +91 7204338949 | LinkedIn | GitHub | Portfolio

● **AVAILABLE FOR IMMEDIATE JOINING**

PROFESSIONAL SUMMARY

QA Engineer with 3.8+ years of experience delivering end-to-end quality assurance across manual, automation, and API testing for Capital Markets, Wealth Management, and AI-driven web applications. Skilled in analyzing business requirements, designing test scenarios and test cases, executing functional and non-functional test activities, investigating defects, and supporting reliable releases. Experienced in Playwright with JavaScript and Mabl for UI/API automation, Postman for REST API validation, and SQL/MongoDB for backend data checks. Proficient in defect tracking with JIRA and Rally, test documentation, Agile collaboration, and Jenkins-based CI/CD and deployment support. Familiar with Git, GitHub, GitHub Actions, Docker, and load-testing fundamentals.

CORE COMPETENCIES

- **Manual Testing:** Functional, Regression, Integration, System, Smoke, Sanity, SIT, UAT, Exploratory, E2E, Cross-Browser Testing; Test Case, Test Scenario and Test Plan Design.
- **Automation Testing:** Playwright with JavaScript, Mabl, Page Object Model (POM), GUI Automation, Data-Driven Testing, Regression Automation Suites; Selenium concepts.
- **API Testing:** REST API Testing, Postman, request/response and JSON validation, status code and header validation, authentication testing, API automation, Newman and CI integration.
- **Backend & Database:** SQL (Joins, CRUD), MongoDB, backend data validation, financial transaction validation and data consistency checks.
- **CI/CD & Version Control:** Jenkins, Git, GitHub, GitHub Actions, Docker, CI/CD pipelines, deployment support and post-deployment validation.
- **Defect Management & Tools:** JIRA, Rally, Confluence, TestRail, VS Code, Microsoft Excel; defect lifecycle, defect triage and retesting.
- **Methods & Programming:** Agile, Scrum, SDLC, STLC, JavaScript, Java.
- **Domain Knowledge:** Capital Markets, Wealth Management, Trade Lifecycle, AI-Driven Platforms and Enterprise Web Applications; Banking, B2B and HR/Recruitment application exposure where applicable.

PROFESSIONAL EXPERIENCE

Software Tester II | Spire.ai

AI-Driven Web Platform | Nov 2025 – May 2026 | Bengaluru

- **Requirements & Manual Testing:** Analyzed business requirements and designed test scenarios and test cases for AI-driven web applications; executed Functional, Regression, Integration, Smoke, Sanity and UAT testing across Agile sprint releases.
- **API Testing:** Validated REST APIs using Postman, checking request and response payloads, status codes, authentication and JSON data for accuracy and reliability.
- **Automation Testing:** Built and maintained UI and API automation scripts using Playwright and Mabl to strengthen regression coverage and improve test execution efficiency.
- **Backend Validation:** Used SQL and MongoDB to validate backend data, investigate data inconsistencies and verify data integrity across services.
- **Defect & Release Management:** Logged, tracked, investigated and retested defects in JIRA; collaborated with developers, participated in defect triage and sprint activities, and supported release validation and production readiness.
- **CI/CD & Deployment Support:** Worked with Jenkins pipelines to support deployment and release activities, monitor pipeline execution, and validate application functionality after deployment.

Software Tester I | Tata Consultancy Services (TCS)

Project: SEI Wealth Management Platform (Capital Markets) | Mar 2022 – Apr 2025 | Bengaluru

- **Requirements & Manual Testing:** Designed test scenarios and executed Functional, Regression, Integration, System, SIT, Smoke, Sanity and UAT testing to validate end-to-end business workflows in Capital Markets and Wealth Management applications.
- **API Testing:** Performed REST API testing using Postman and validated request/response payloads across system integration points.
- **Backend & Financial Data Validation:** Executed SQL queries to validate financial transactions, verify database consistency and investigate data accuracy issues.
- **Defect & Release Management:** Logged, tracked and retested defects using Rally and JIRA; collaborated with Business Analysts, Developers and QA teams during Agile sprints, and supported release validation and production smoke testing.

DOMAIN EXPERTISE

Capital Markets • Wealth Management • Trade Lifecycle • AI-Driven Applications • Enterprise Web Applications

EDUCATION

Bachelor of Engineering, Electrical and Electronics Engineering

Tontadarya College of Engineering and Technology, Gadag — VTU, Karnataka | 2018–2021 | CGPA: 8.4

CERTIFICATIONS

Manual Software Testing • Automation Testing

AWARDS & RECOGNITION

- **Winner – InfoSecurity Fest 2024:** Recognized for knowledge of information security concepts.
- **Maitree Prize:** Awarded for contribution and collaboration.
- **Xcelerate Warrior Title:** Recognized for continuous learning and professional growth.
